

1 COMPANY DETAILS

F.Segura Hungária Ipari és Kereskedelmi Kft.

Headquarter: 5000 Szolnok, Bánki Donát utca 1.

Tax number: 13536620-2-16

2 ELECTRICITY

between 3 - 5 GWh

3 NATURAL GAS

between 0 - 100 000 m³

4 DISTRICT HEATING

between 0 - 3 400 GJ

5 MAIN ENERGY USAGE

6 DISTRIBUTION OF ENERGY

7 CO₂ OUTPUT OF CONSUMED ENERGY

1 179 tons

8 OAK TREE EQUIVALENT

1 179 trees

Oak tree equivalent shows the number of oak trees, which in 50 years neutralize the CO₂ output of the energy consumed in 2017.

9 RAISING AWARENESS OF EMPLOYEES

Passive reach: 100 %

Active reach: 0 people

In connection with raising awareness of our employees they were informed about the following topics:

Company related energy efficiency advices

phase correction, doors and windows, photovoltaic system, condensating boiler, heat recovery from air compressor, pump installation, fuel gas/exhaust heat recovery, inverter split air conditioner, indirect free cooling system, solar thermal, electric vehicles, hydraulics adjustment

Household related energy efficiency advices

photovoltaic system, air conditioners, water usage, energy efficient heat controller, light bulb Q&A, electric car usage, selective waste collection, energy storage, district heating, energy monitoring, heat pump, electricity system concepts, changes in legislation, key dates
